Subject: RE: Discussion - how about Monday, June 3, 1:30 – 2:30?
Attachments: EarlDarrowMinnelusaLog.pptx

Hi John,

Both Douglas and Chuck are out of the office today, but their calendars look free on Monday, June 3 between 1:30 – 2:30. Does that work for you all? If it does I will grab it on their calendars and confirm that it still works on Monday when they are back in the office.

I was also wondering if you identified the radioactive shales in the Minnelusa that Chuck mentioned on the last call. I have attached a PowerPoint with the Minnelusa section of the log from the Earl Darrow well.

Subject: Discussion

Valois,

We would like to discuss your questions from the last meeting at your earliest convenience. Are you and Chuck available to discuss today or early next week?

Thanks.

John
